Softwareentwicklung bei mgm im agilen Umfeld

The background of the slide features a target with concentric orange and white rings. Three arrows, also with orange and white fletching, are shown in flight from the left, all of which have hit the central bullseye. A semi-transparent dark grey rectangle is positioned over the middle arrow and the bullseye.

Die fertige Lösung

Live-Demo

A close-up photograph of a rugby scrum in progress. Two teams are locked together: one in yellow jerseys with red and black accents, and the other in blue and white striped jerseys. The players are hunched low to the ground, pushing against each other. A rugby ball is visible on the grass between the players' hands. The scene is set on a green grass field.

Planungspuzzle - Automatisch!

A close-up photograph of a female doctor in blue scrubs, wearing a stethoscope, examining a young child. The doctor is looking down at the child with a gentle expression. The child is looking up at the doctor with a slight smile. The background is a plain, light-colored wall.

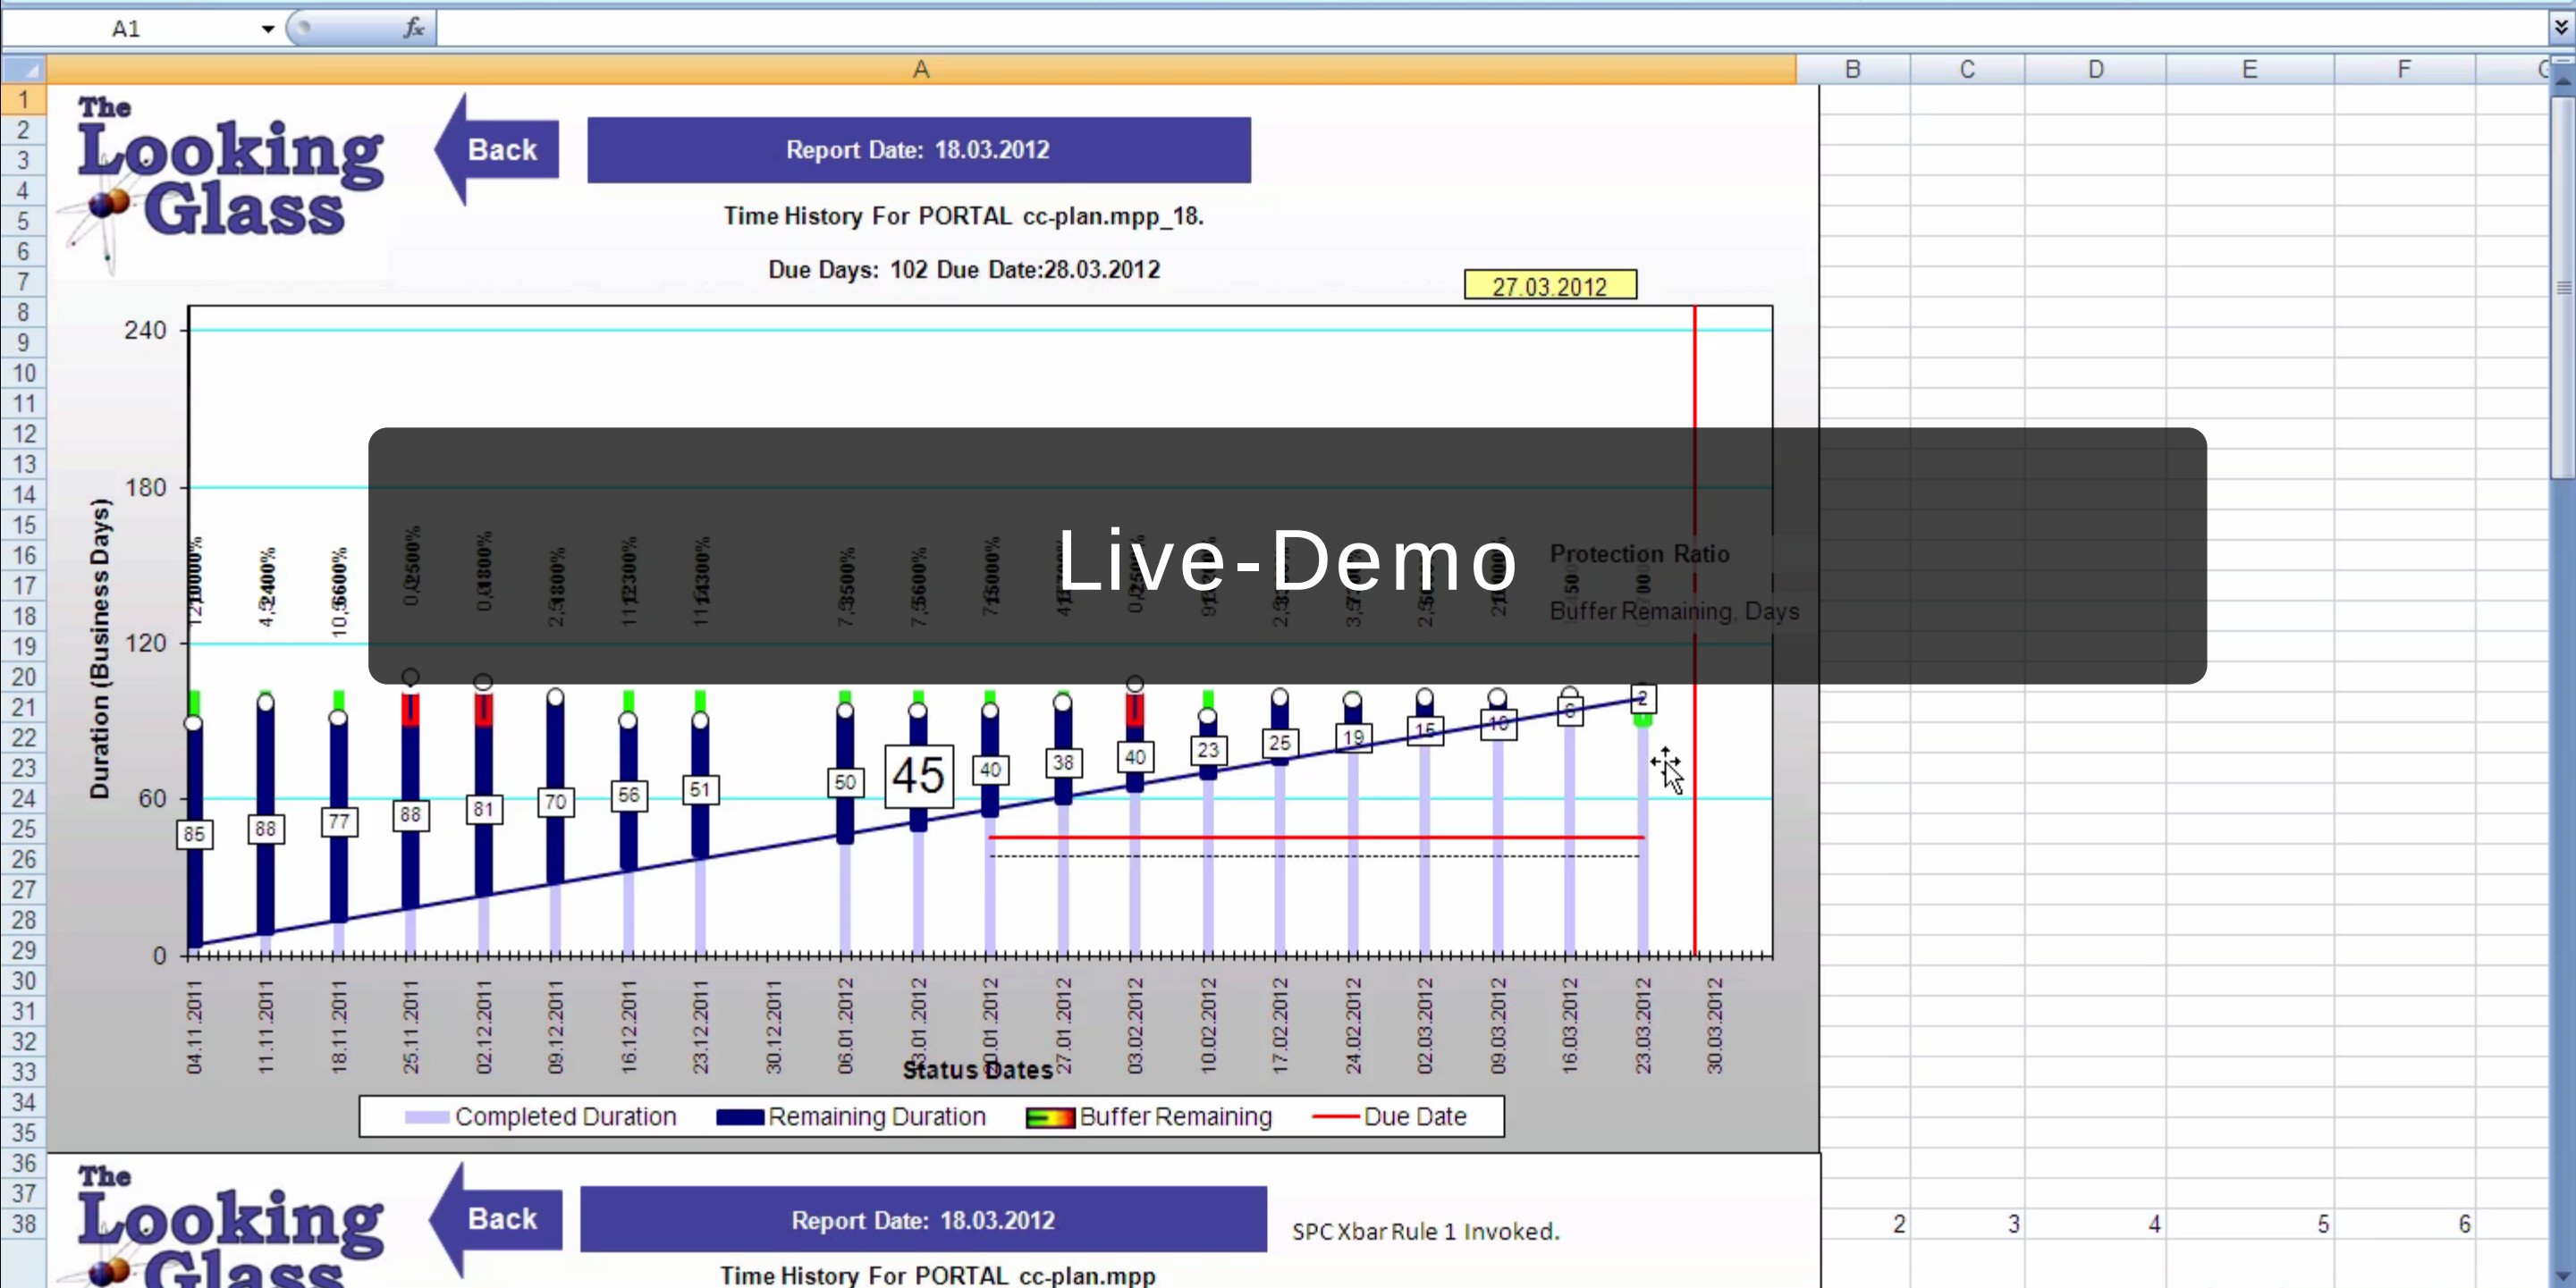

Zwischen-Check

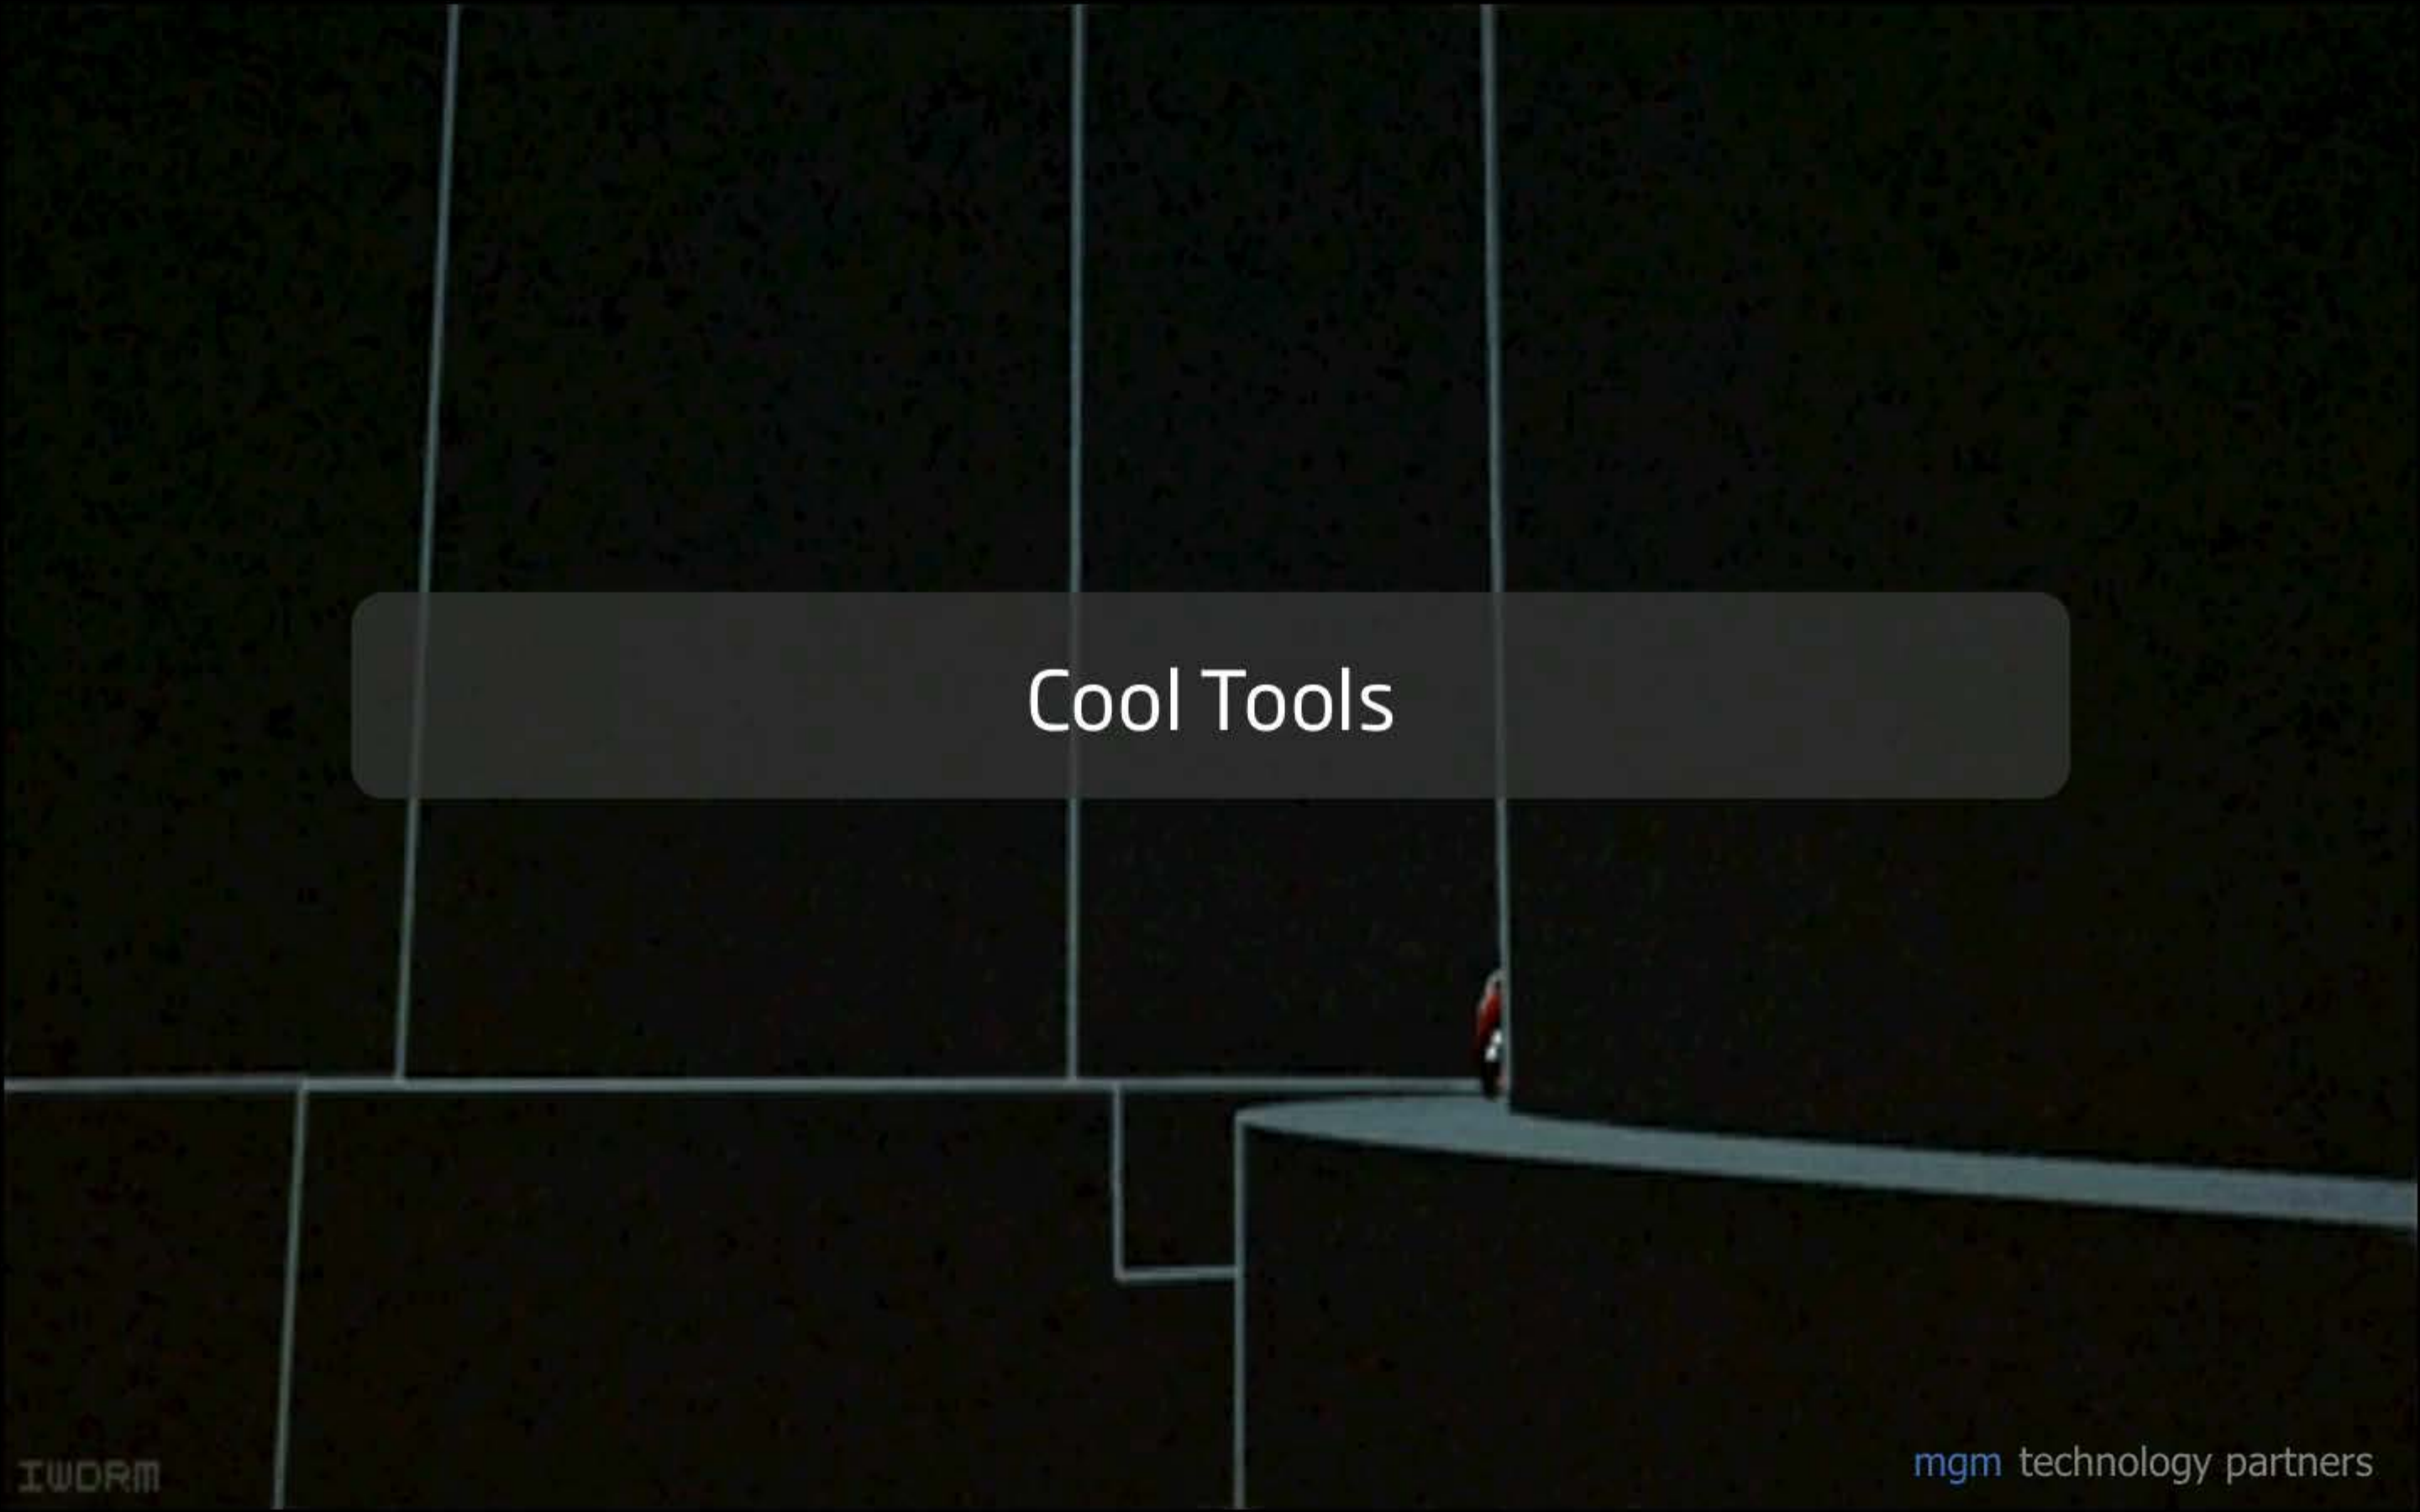

A woman with glasses and a young child are looking at a tablet together. The woman is on the left, wearing a blue top, and the child is on the right, wearing a pink top. They are both looking at the tablet with interest.

Workshop, 16:25 Uhr

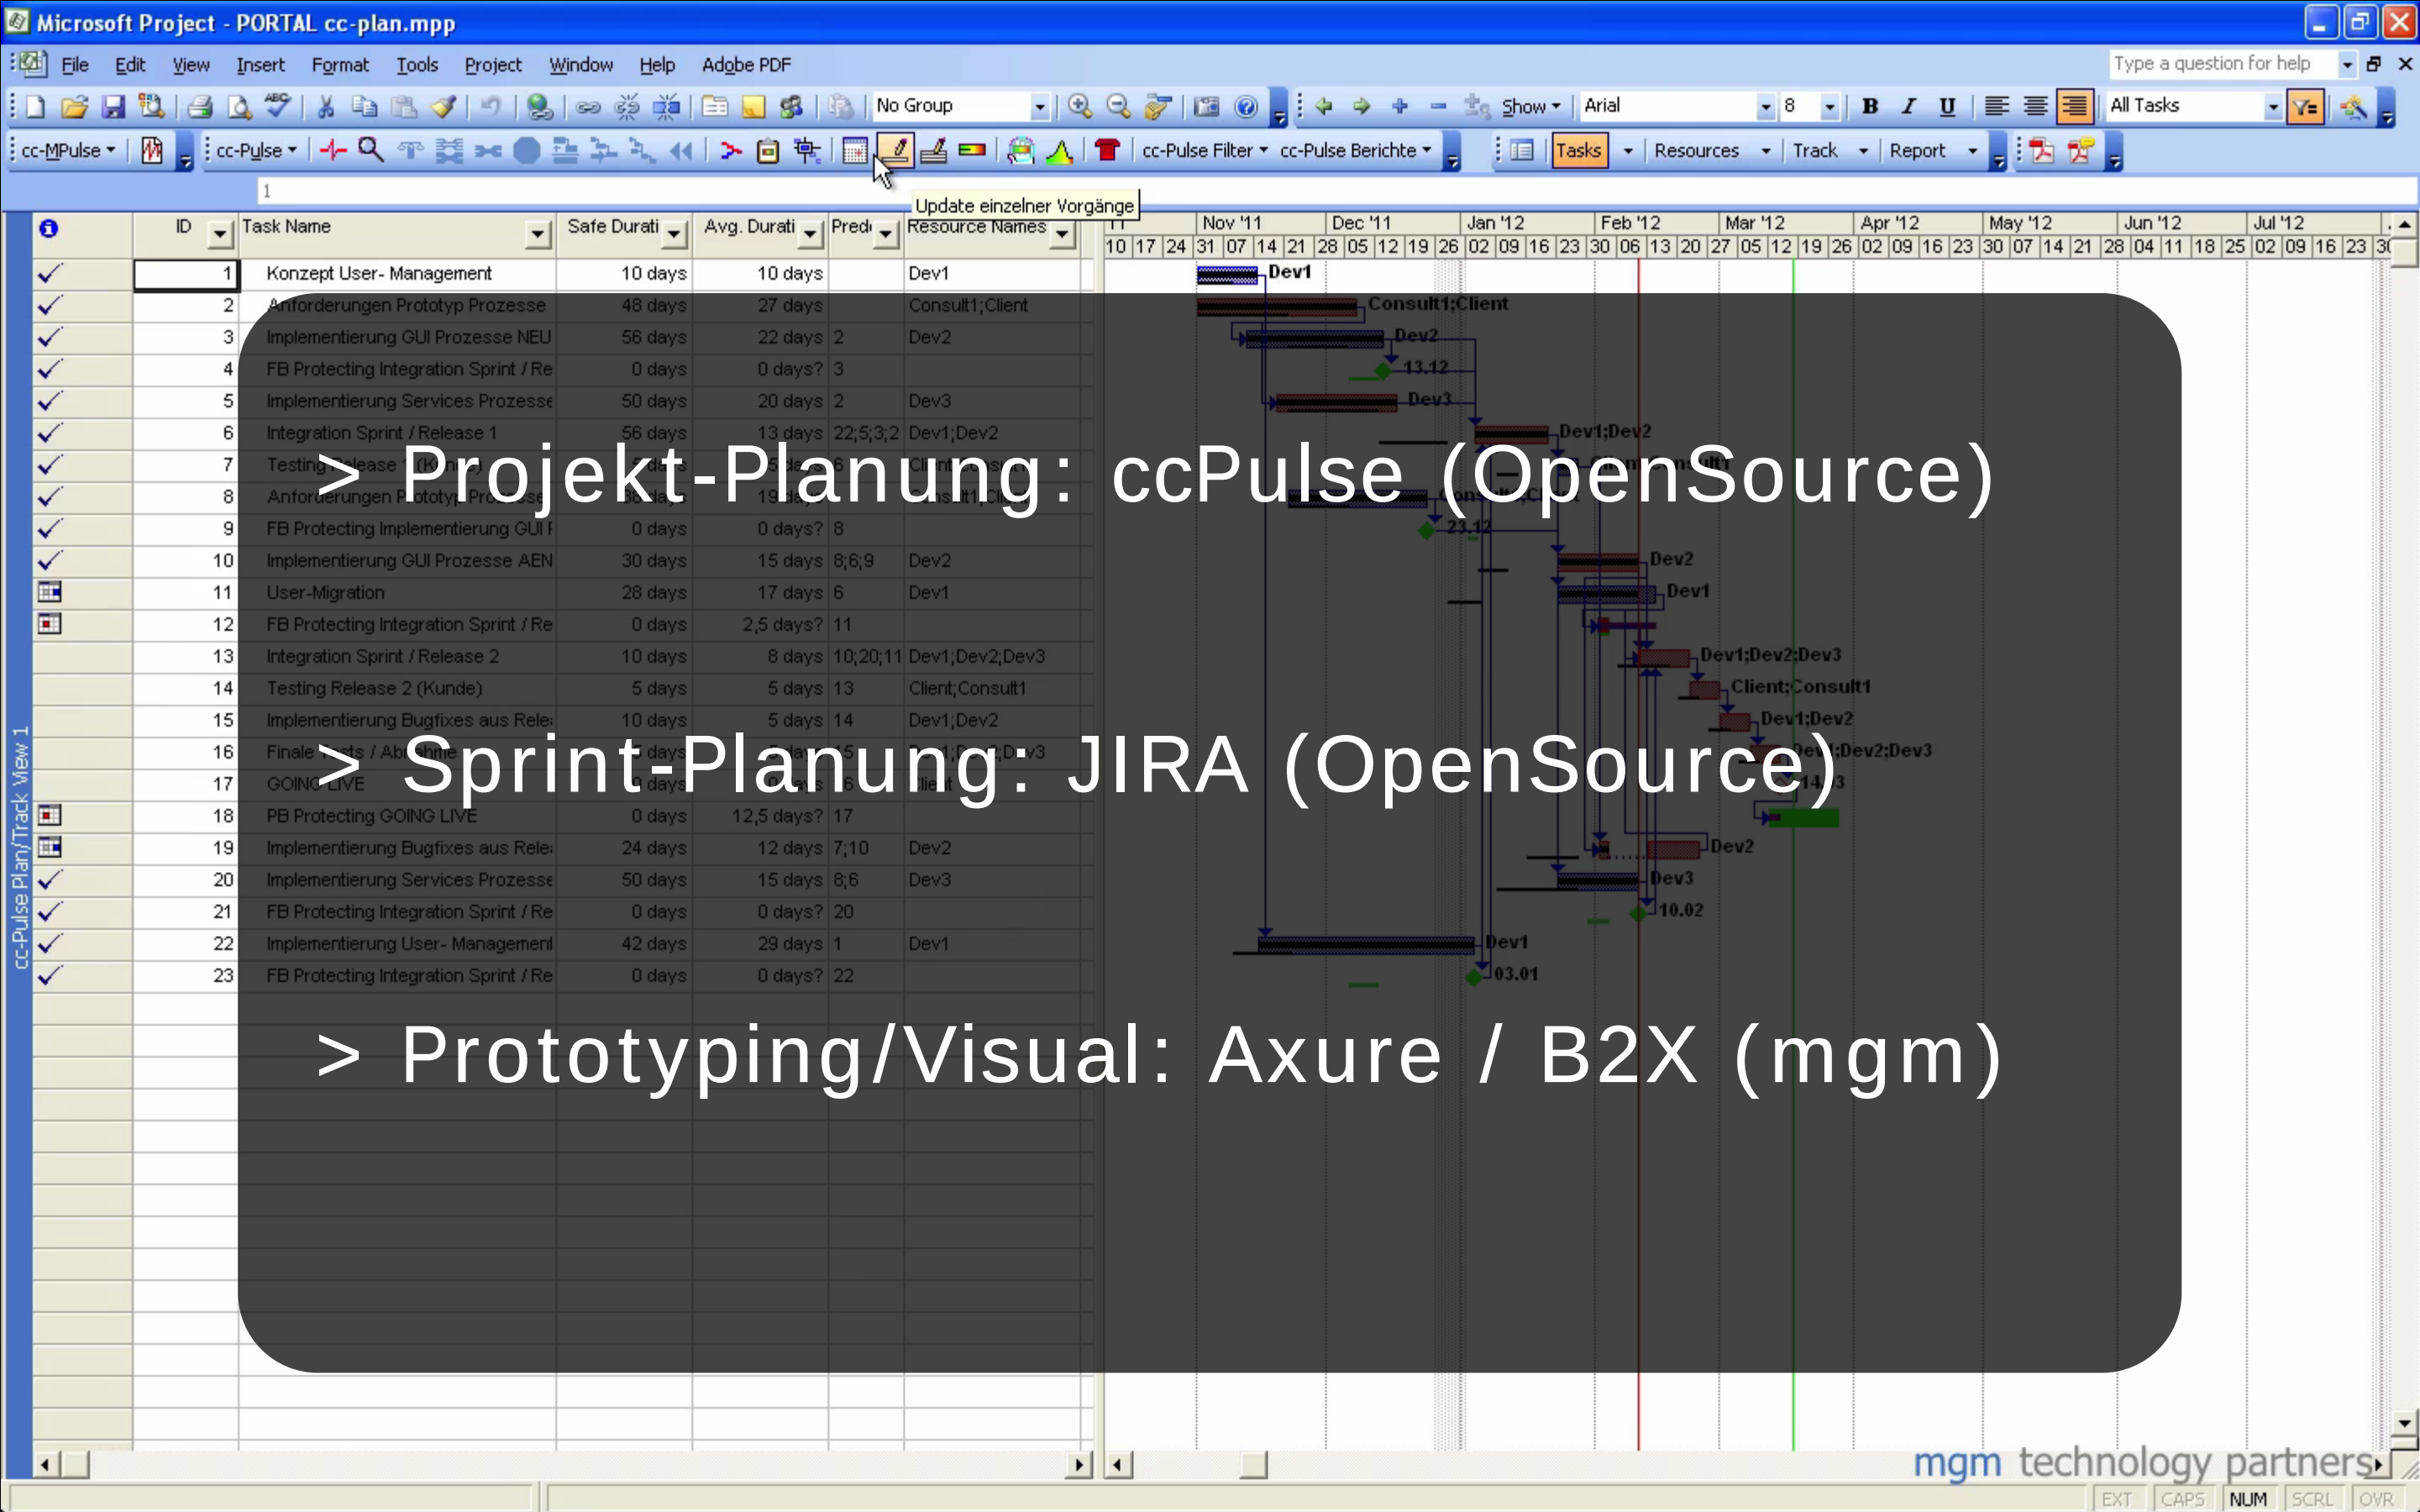

- › Logischer Plan steht
- › Schätzungen in den Plan aufgenommen
- › Plan + Schätzungen pragmatisch: Mittel zum Zweck
- › Zwei agile "Sprints" eingeplant

Alle wissen ("sehen vor Augen") was zu tun ist

Cool Tools

Review

Erfolgsfaktoren:

- > Visuelles Anforderungsmanagement
Definition-of-done
Testfälle/Abnahmekriterien vorab
- > Logischer Plan mit fest definierten Abfolgen (wo sinnvoll)
UND
agilen Sprints (wo Flexibilität nötig / Detailanforderungen unklar)
- > Engpass-Management mit simplem CCPM-Tooling
